## **Special Studies Update**

## No Special Studies specifically included in the FY2019 budget

#### **Sediment Evaluation**

- EPA conducted *in situ* sediment monitoring the first week of June – no results yet
- Marc Alperin was funded by UNC Collaboratory to collect and analyze sediment cores along side EPA's chambers – no results yet
- Dr. Alperin is wrapping up his report this summer on the UNRBA-funded sediment evaluation

### **Bathymetry and Sediment Mapping**

 Working on final edits to the mapping so it can be provided to the U.S. Army Corps of Engineers and the NC Wildlife Resource Commission
